SPPHH PUMP

Product Code 100SPHH

A world renowned High Head / High pressure pump powered by a fuel efficient rugged and reliable diesel engine sat on a skid chassis having forklift pockets and centre lifter for easy deployment around site, the pump end is made using the toughest materials ensuring reliability and minimum downtime even in the most aggressive and demanding environments, highly efficient impellers and wear parts ensure outstanding high pressure performance and energy savings, automatic prime, run dry capability and engine management systems ensure no fuss operation

Typical Applications

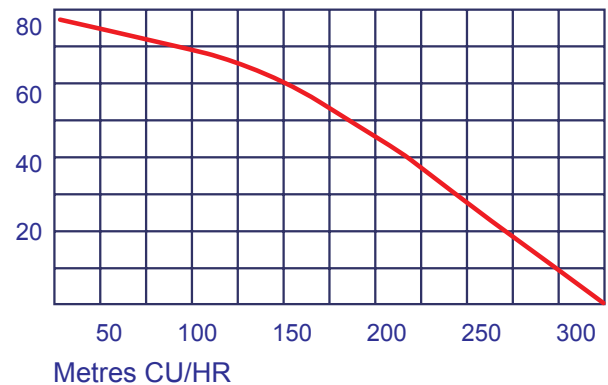

- Booster pump applications
- Fire fighting and fire prevention
- Mines, quarries and opencast work
- Pipeline testing
- Water transfer
- Pressure testing
- Drilling and geothermal applications
- Industrial processes
- Marine dredging
- Plus many more

Pump Specification

Max Head	78 Metres / 250 feet
Max Flow	320 m ³ /hr / 1170 gpm
Solid Size	32mm / 1.25"
Suction / Delivery Sizes	100mm / 4"x 100mm / 4"
Engine Type	Isuzu 4BGT
Fuel Capacity	200 Litres / 44 Gallons
Running Time	25 Hrs
L x W x H	260cm x 1200cm x 160cm
Weight	1800Kg

Head Metres

Accessories

Hoses ✓	Drip Tray ✓	Adaptors ✓	Settlement Tank ✓
Strainer ✓	Extended Run Fuel Tanks ✓	Telemetry ✓	Autostart Float ✓
